

## **Exercises of Activity Book**

Third section

Communication

1 You are a member of the Kids Ecology Club and you have to decide on a project for this year in the school garden. Read these proposals and then complete the grid with the good and bad points of each one. You may add others.

	Name	Good points	Bad points
		It is easy to attract	You need to change
	Making a bird-	birds to a garden.	the water in the
	friendly environment		birdbath and provide
		birds all year round.	a lot of food.
			You have togrow
	Making a butterfly garden	Butterflies are	special plants and
		very pretty and are	flowers for
	guiach	fascinating to watch.	
			caterpillars.
		Wildflowers do not	
	Making a wildflower	need a lot of work.	You have to water
	garden	They will attract	the flowers every
	guruen	butterflies and birds	week.

2 Write three sentences in your notebook with the good and bad points of each proposal.

to the garden, too.

Example answers:

The good points of the proposal for making a bird-friendly environment are: it is easy to attract birds and you can see different birds all year round. The bad points are that you need to change the

water in the birdbath and provide a lot of food. The good point of the proposal for making a butterfly garden is that butterflies are very pretty and fascinating to watch. The bad point is that you have to grow special plants and flowers for the butterflies and caterpillars. The good points of the proposal for making a wildflower garden are: wildflowers do not need a lot of work and they will attract butterflies and birds to the garden, too. The bad point is that you have to water the flowers every week.

3 Use your notes to discuss with a friend which is the best proposal.

Students discuss.

4 Write a sentence saying your choice and giving your reasons.

Example answers:

I think the best project is making a wildflower garden in the school garden as it does not need a lot of work and the garden will be very colourful. Also, wildflowers will attract other wildlife, such as birds and butterflies to the garden.
